The Aquinas Academy Newsletter

April 11, 2016

Each year they get better!

Competing against much larger teams, the Aquinas Academy team made it known to other catholic school chess teams who competed in the annual Knights of Columbus chess tournament that they were a team on the rise.

This year's Chess team placed second in the 7-8th grade bracket and the 5-6th grade team finished third. Most catholic elementary schools in the Diocese were represented.

Left to right: Gianna Moore, Dean Turner, Joshua Jimenez, Hayden Fisher, Marianne Kercher, Jonah Morris, David Alexander, Leah Alexander, Harrison Fisher

Geo Bee

Harrison Fisher, the school Geo Bee champion, represented Aquinas in the state competition in which every elementary school in Delaware sent their school Bee winners.

Harrison represented the school well by answering correctly most of his questions. Unfortunately, he missed making the second round by one question. We are proud of Harrison!
